

Community

“Yes, Tiki does it!”

The Tiki community is made up of Tiki Wiki CMS Groupware developers, site operators, consultants, and end users around the world.

Over the nearly 20 years of the project, more than **25,000** people, including over **300** developers, have registered at this website.

Teams

Teams are one way you can help out in the Tiki community. Feel free to participate according to your experience, availability and interests, to make our community more efficient and scalable. The more-involved members are mentors, coordinators, and facilitators. Find out more at [Teams](#).

Tiki User Groups (TUGs)

Tiki community members can get together in Tiki user groups based on interests, locality, or language.

The main focus is to set up language-based user groups to give an opportunity for people to communicate and contribute in their preferred language.
