Bonjour !

I live in Auvergne in middle of France, in a little village, where I turn our micro firm [toggg](#) I'm a tikidev but I "work" allmost by [PEAR](#) and [Routeit](#)

At your disposal for any developement...

Tikiwiki works:

- TogggDeletor (cite by Mambo !  
- DrawToggg
- switchMenuPlugin
- bug hunts
- security fixes
- ...
- bad politics
